

04-31 Victim Services Toronto

Status: Amended

Issued: 2022.06.15

Replaces: 2020.01.03

Rationale

Duties of Police Officers as outlined in the *Police Service Act* include “assisting victims of crime”. The Toronto Police Service (Service) works in partnership with Victim Services Toronto to provide immediate assistance to victims. Victim Services Toronto operates a wide range of programs and services to address and support victims of crime and/or circumstances. The Victim Crisis Response Program is offered 24 hours a day, 7 days a week.

This Procedure will assist members managing victims of crime who require the assistance of Victim Services Toronto.

Procedure

Victims and witnesses of crime shall not be asked their immigration status, unless there are bona fide reasons to do so.

Victims’ Bill of Rights

For the information of members, the following is the general thrust of the *Victims’ Bill of Rights*:

The people of Ontario believe that victims of crime, who have suffered harm and whose rights and security have been violated by crime, should be treated with compassion and fairness. The people of Ontario further believe that the justice system should operate in a manner that does not increase the suffering of victims of crime and does not discourage victims of crime from participating in the justice process.

Victim Services Toronto

Victim Services Toronto provides immediate crisis response, intervention and prevention services on a 24 hours a day, seven days a week basis. One of its main objectives is to provide support for front-line officers in dealing with victims of crime and/or circumstances.

Victim Services Toronto can assist persons under the age of 16 years, with verbal consent from the parent or guardian. However, referral for victims under 16 years of age must still be made to the appropriate child welfare agency.

Trained members of Victim Services Toronto may be called to assist police when incidents involve sudden death, assault, psychological or physical trauma, human trafficking, intimate partner violence or any other crime-related occurrence.

Victim Crisis Response Program

The Victim Crisis Response Program provides 24/7 crisis intervention, trauma management and practical assistance for victims and their families in the immediate aftermath of crime or sudden unexpected tragedy, on-scene or by telephone (as required). The Crisis Response Teams are comprised of professional Social Workers and extensively trained volunteers.

→ *Victim Services Crisis Counsellors always accompany volunteers.*

Victim Quick Response Program (VQRP)

The VQRP is a program of last resort that covers financial costs resulting from crimes such as funeral expenses, crime scene clean-up, emergency home repairs, traditional Indigenous health services, and emergency counselling when the individual is in need of financial support and there is no other publicly funded service available. Access to these funds is dependent on meeting strict eligibility criteria. Victims must be referred to this program within 14 days of the crime.

This program also includes Standards for Victims of Human Trafficking, which were developed in order to specifically address the complexity and multi-faceted needs of human trafficking victims. Financial assistance for human trafficking victims is available to help cover costs such as:

- personal expenses;
- safety expenses;
- travel and related expenses;
- counselling expenses; and
- residential treatment expenses.

High Risk Support Services

High Risk Support Services promotes the safety of individuals and their families who are at a high risk of experiencing violence by an intimate ex-partner. The Case Coordinator works with clients to create comprehensive safety plans, reassess safety options as circumstances change, as well as provide advocacy, court accompaniment, linkages to community supports and assist with VQRP applications.

Case Management

Case Management provides short-term intensive assistance for victims of major crime and sudden tragedy who experience multiple barriers to accessing services. The services provided are tailored to the needs of each individual and include: emotional support, systems advocacy, financial assistance, safety planning, personal safety devices and assistance with accessing a wide range of programs, services and resources.

Trauma Dog Program

The Trauma Dog Program provides Victim Services Toronto clients with the comfort of a specially trained trauma dog. The trauma dog provides unconditional comfort of touch and warmth, in addition to a healthy distraction from the agony of grief and trauma. The trauma dog is also available to investigators to support victims and witnesses during the video statement process, court preparation meetings and other triggering meetings. All Victim Services Toronto clients are eligible for this program; however priority is given to child and youth clients not eligible for assistance through the Child and Youth Advocacy Centre (CYAC) support dog program.

Victim/Witness Assistance Program (VWAP)

Members of the Victim/Witness Assistance Program (VWAP) are employees of the Ministry of the Attorney General. The purpose of VWAP is to assist victims of crime through the court process. The VWAP program is available in every court location except 311 Jarvis Street. Service members may refer victims to VWAP when a charge has been laid and is proceeding through the courts. Service members can access VWAP through Victim Services Toronto or directly through the applicable court location.
